

WHAT DOES HOME MEAN TO YOU?

For 13-year-old Cameron, home means feeling safe, warm and comfortable. And it's something he will never take for granted.

Three years ago – with no money and nowhere else to go – Cameron and his dad ended up living in a tiny room in an emergency hostel. The space was cold, damp and noisy, and they shared a bathroom with five other families. Cameron was scared to go to the toilet because the lock on the door was broken.

Families in the UK are not supposed to live in emergency accommodation like this for more than six weeks. Cameron and his dad were in the hostel for eight long months before finally moving to a house of their own.

Cameron feels so passionately that no other children should have to go through what he did that he now campaigns for Change it! – a project funded by Sport Relief that works to prevent child homelessness.

Now it's your turn! By raising money for Sport Relief, you can help children in the UK and internationally have a safe place to live and a brighter future. Talk to your teacher today about how to get involved, and find out more at sportrelief.com/meet-cameron

“

I think all kids should have a warm and clean home – a place where they can play and enjoy themselves.

Cameron, 13
